Islamic countries have developed modern and contemporary art, with very vigorous art worlds in some countries, but the degree to which these should be grouped in a special category as "Islamic art" is questionable, although many artists deal with Islam-related themes, and use traditional elements such as calligraphy.

Islamic art - Wikipedia

Background Islamic decoration. Islamic art mostly avoids figurative images to avoid becoming objects of worship. Islamic geometric patterns derived from simpler designs used in earlier cultures: Greek, Roman, and Sasanian. They are one of three forms of Islamic decoration, the others being the arabesque based on curving and branching plant forms, and Islamic calligraphy; all three are ...
